

## CNC Langdrehautomaten

# TORNOS DECO SIGMA 8

Machine occasion

N° de stock : **DB3008**

|        |              |
|--------|--------------|
| Year   | 2007         |
| Modell | Deco Sigma 8 |

|                                |                     |
|--------------------------------|---------------------|
| Maximal zulässiger Durchmesser | 10 mm               |
| 3264                           | 20                  |
| Spindelgeschwindigkeit         | 15000 tr/min        |
| Indexierung der Spindelachse C | 0.001°              |
| Schlittenweg                   | 15000 mm            |
| Arbeitskurs                    | 120 mm              |
| Spindelleistung                | 5 KW                |
| Anzahl der Werkzeugpositionen  | possible rotating 3 |
| Hub                            | 0 à 10000 mm        |
| Anzahl                         | 5 simultaneous + 2  |
| Abmessungen                    | 1670x870x1650 mm    |
| Weight                         | 1600                |

### [Technical documentation](#)

Counter-spindle indexing: 0.001°

### Equipments

- CN FANUC 32i Model A
- Automatic barfeeder with LNS Tryton 112 magazine (diameter 1 to 12.7 mm)
- Programming with TB-Deco or ISO code
- Compact oil mist filtration Filtermist FX2000
- 2 radial turning tools 12×12 mm
- Support plate 8 tools square 8×8 mm
- Support plate 4 holes diameter 16 mm
- Double support plate low 2 holes 25 mm
- Lubrication tank with pump
- Parts ejector
- Separator for pneumatic parts, evacuation by chute
- Lamp

Machine sold without the 4 drill toolholders and without the pieces's vacuum.
