

## CNC Langdrehautomaten

# TSUGAMI BS12S-V

Machine occasion

N° de stock : **CDB0085**

|        |               |
|--------|---------------|
| Year   | 2008          |
| Modell | BS12 CE (S)-V |

|                                |                      |
|--------------------------------|----------------------|
| CNC-Steuerung                  | TSUGAMI MORI MSC 701 |
| Mindestzulässiger Durchmesser  | 3 mm                 |
| Maximaler Durchmesser          | 12 mm                |
| Spindelhub                     | 210 mm               |
| Hauptschlittendrehzahl         | 200-12000 RPM        |
| Spindelleistung                | 1.5/2.2 KW           |
| Schlittenweg                   | 200-12000 mm         |
| Kapazität (T)                  | 1.5/2.2 T            |
| Anzahl der drehenden Werkzeuge | 11                   |
| Abmessungen                    | 1770x1140x1700 mm    |
| Weight                         | 2200                 |

**EQUIPMENT :**

- Main spindle with C-axis
- Lubrication tank with pump
- Central part collector
- Part collector in front of the subspindle
- Type of turning tooling: 12×12x 85 mm
- Rotating barrel holder for fixed barrel
- Automatic feeder LNS TRYTON-112, max. capacity Ø 12 mm
- Oil mist vacuum cleaner ELBARON Type RON/A 60 DV, 2011
