

Vertical surface grinding machine with rotary table

NAXOS FR 1400

Machine occasion

N° de stock : **C5010**

Plate diameter	1400 mm
Maximum height admitted	500 mm

Grinding wheel diameter	800 mm
Plate speeds	5 > 25 RPM
Maximum vertical power feeds	0.002 > 0.2 mm/mn
vertical rapid traverses	11.6 mm/mn
Grinding wheel motor	75 k.W.

MARPOSS

Infinitely variable magnetic-adhesive force

Magnetic-rotary table with pole pitch 21 mm and 1.400 mm Ø

various grinding segments, separate standing switching cabinet

– original coolant facility not available –
