

Swiss type CNC lathe

TORNOS SWISS GT 26

Machine occasion

N° de stock : **CDB0101**

Model

Swiss GT 26

C.N.C.

Fanuc 31i-B

Axis number	9
Number of spindles	2
Rotation speed of the main spindle	0-10000 RPM
tools section	16x16 mm
B axis	1
B axis stroke	0-135 °
Number of rotary tools	4/4
Rotation speed	9000 mm/mn
Fixed number of tools	4
Counter spindle speed	0-10000 RPM
Bar capacity	25.4 mm
Maximum length	120 mm
Spindle power	8.2/10.5 KW
Dimensions	2710x1270x1990 mm
Weight	3550 Kg

Accessories:

- LNS Express 332-S2 bar feeder
- Various guide channels
- Chip conveyor
- High-pressure pump 140 bar
- Oil mist extraction device
- Various fixed and driven tool holders
- Tool breakage control
- CNC Software Package with :
 - cylindrical interpolation
 - polar coordinates

- helical interpolation
- automatic calculation of tool reference point for B axis
- TISI Software
