

## Zwitserse type CNC draaibank

# TSUGAMI BS12S-V

Machine occasion

N° de stock : **CDB0085**

|      |               |
|------|---------------|
| Jaar | 2008          |
| Type | BS12 CE (S)-V |

|                                 |                      |
|---------------------------------|----------------------|
| CNC system                      | TSUGAMI MORI MSC 701 |
| Minimale diameter toegestaan    | 3 mm                 |
| Max. diameter                   | 12 mm                |
| Spindelslag                     | 210 mm               |
| Vermogen op hoofdspil           | 1.5/2.2 KW           |
| Carriage stroke                 | 200-12000 mm         |
| Vermogen                        | 1.5/2.2 KW           |
| Aantal roterende gereedschappen | 11                   |
| Formaten                        | 1770x1140x1700 mm    |
| Gewicht                         | 2200 Kg              |

**EQUIPMENT :**

- Main spindle with C-axis
- Lubrication tank with pump
- Central part collector
- Part collector in front of the subspindle
- Type of turning tooling: 12×12x 85 mm
- Rotating barrel holder for fixed barrel
- Automatic feeder LNS TRYTON-112, max. capacity Ø 12 mm
- Oil mist vacuum cleaner ELBARON Type RON/A 60 DV, 2011
